Rishabh Joshi

CYBERSECURITY-FOCUSED B.TECH CSE STUDENT

contact@rishabh-joshi.in | Rajkot, Gujarat, India | www.rishabh-joshi.in | LinkedIn | GitHub

PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering student focused on cybersecurity and defensive systems. Builds practical detection tooling across network intrusion detection, SIEM workflows, machine learning-assisted traffic classification, and packet analysis. Seeking cybersecurity and security engineering internships.

EDUCATION

B.Tech in Computer Science & Engineering 2025 - Present
Darshan University, Rajkot, Gujarat

Diploma in Computer Engineering 2021 - 2025
Government Polytechnic Jamnagar, Jamnagar, Gujarat

EXPERIENCE

Cyber Security Intern - Elevate Labs Oct 2025 - Dec 2025
Remote

- Completed hands-on work in vulnerability assessment, secure coding practices, and network defense fundamentals.
- Applied security analysis techniques to identify and document common web and network vulnerabilities.

Backend Development Intern - Adhir Infotech Jun 2024 - Aug 2024
Jamnagar, Gujarat

- Contributed to backend development tasks in a team software-development environment.
- Collaborated with engineers to debug, test, and refine application features.

PROJECTS

PLEXUS - Real-Time Network Intrusion Detection System, v3.0.0 FastAPI | Scapy | XGBoost | React

- Built a Scapy packet-capture engine and FastAPI backend that streams live traffic to a React dashboard over WebSockets.
- Combined port-scan and flooding rules with an XGBoost classifier trained on CICIDS2017; added PCAP analysis and Night-Dossier PDF incident reports.

KRONOS - SIEM Analyst Console, active development Django | HTMX | ORM

- Building a SIEM with a custom query grammar compiled to ORM queries, a detection-rules engine, and analyst alert triage.
- Maintains a 210-test suite with all tests passing.

NetScope - Network Packet Sniffer Python | Scapy

- Developed live packet capture and protocol-level dissection for hands-on network traffic analysis.

TECHNICAL SKILLS

Languages	Python, JavaScript, SQL
Frameworks & Libraries	FastAPI, Django REST Framework, React, Scapy, XGBoost
Security Tools	Nmap, Wireshark, tcpdump, Burp Suite (basics)
Tools & OS	Git, Docker, Linux (Parrot OS)

CERTIFICATION

ISC² Certified in Cybersecurity (CC) - In Progress Exam targeted 2027
